

[Data collection](#) [1]

To keep a close watch on human and animal health in Belgium, Sciensano put up several surveillance networks. Find out about how to participate, which parameters we monitor and our most recent conclusions.

COVID-19 pandemic surveillances

Sciensano has set up various surveillances and data collections to monitor the epidemic situation. The surveillances can roughly be divided into 3 major groups: [monitoring the epidemiological situation, contact tracing and surveillance of the vaccines](#) [2] on the market.

Surveillance by health professionals

[BCFR](#) [3] | Belgian Cystic Fibrosis Registry

[BEWSD](#) [4] | Belgian Early Warning System on Drugs

[BNMDR](#) [5] | Belgian Neuromuscular Disease Registry (BNMDR)

[CRRD](#) [6] | Central Rare Disease Registry

[CJD](#) [7] | Creutzfeldt-Jakob Disease (CJD) Registry

[EPILABO](#) [8] | sentinel network of laboratories

[Hiv-ARL](#) [9] | new hiv diagnoses registry

[Hiv-ARC](#) [10] | follow up of hiv seropositive patients

[IQED](#) [11] | initiative for quality promotion and epidemiology in diabetes care

[IQED-Foot](#) [12] | initiative for quality promotion and epidemiology in multidisciplinary diabetic foot clinics

[IQECAD](#) [13] | initiative for quality promotion and epidemiology in children and adolescents with diabetes

[MATRA](#) [14] | mandatory notification

[NRC](#) [15] | national reference centres

[NSIH](#) [16] | national surveillance of infections in health care settings

[Pedisurv](#) [17] | paediatric surveillance of infectious diseases

[SARI](#) [18] | sentinel network of hospitals

[SGP](#) [19] | sentinel general practices

[STI](#) [20] | sentinel network of clinicians for the registration of sexually transmitted infections

[TDI](#) [21] | Belgian Treatment Demand Indicators

[COVID-19 surveillances](#) [2] | COVID-19 surveillances and data collections to monitor the epidemic situation

Citizen surveillance

[TickNet](#) [22] | citizen portal to report tick bites in Belgium

[SurveillanceMoustiques](#) [23] | citizen portal to notify tiger mosquitoes in Belgium
