IOWARDS ANEW (H)ERA

FOR IMPROVED PANDEMIC PREPAREDNESS

NATIONAL INFRASTRUCTURE FOR GENOMIC-EPIDEMIOLOGIC SURVEILLANCE OF INFECTIOUS DISEASES

Currently, the test platform is set up for Listeria, Tuberculosis, SARS-CoV-2, Influenza and Salmonella. We want to gather as much expertise as possible. Are you interested? Grab a flyer or visit our website.

2021 / 2022

- 5 pilot NRCs
- Proof of principle
- Harmonisation

2022 / 2024

- First database
- Roll-out to other NRC labs

FUTURE

Involve non-NRC labs
 (Food, Veterinary, Environment)
