TABLE OF CONTENTS

1. Belgium	1
1.1. Percentage of population aged 15 years and over that gambled at least once in the past 12 months, Belgium	1
1.2. Percentage of population aged 15 years and over that gambled on location at least once in the past 12 months, Belgium	2
1.3. Percentage of population aged 15 years and over that gambled online at least once in the past 12 months, Belgium	3
1.4. Percentage of the population aged 15 years and over that reported weekly gambling on at least 1 game, Belgium	4
1.5. Percentage of the population aged 15 years and over that played lottery games in the past 12 months, Belgium	5
1.6. Percentage of the population aged 15 years and over that played poker for money in the past 12 months, Belgium	6
1.7. Percentage of the population aged 15 years and over that participated to casino games in the past 12 months, Belgium	7
1.8. Percentage of the population aged 15 years and over that betted on sporting events in the past 12 months, Belgium	8
1.9. Percentage of the population aged 15 years and over that played other games for money in the past 12 months, Belgium.....	9
1.10. Percentage of the population aged 15 years and over that bid 40€ or more per month for gambling, Belgium	10
1.11. Mean expenditures in population aged 15 years and over that gambled at least once in the past 12 months, Belgium	11
1.12. Mean expenditures in population aged 15 years and over that bid 40€ or more per month for gambling, Belgium	12
1.13. Distribution of the population aged 15 years and over according to the experience of problem gambling based on the PGSI Short-Form, Belgium.....	13
1.14. Distribution of the population aged 15 years and over that bid 40€ or more per month for gambling according to the experience of problem gambling based on the PGSI Short-Form, Belgium.....	14
1.15. Percentage of the population aged 15 years and over that was exposed to gambling advertising in the past 6 months, Belgium.....	15
1.16. Percentage of the population aged 15 years and over that was exposed to gambling advertising at least once a week, Belgium.....	16
1.17. Percentage of the population (aged 15 years and over) that was exposed to gambling sponsorship according to level of exposure, Belgium.....	17
2. Flemish Region	18
2.1. Percentage of population aged 15 years and over that gambled at least once in the past 12 months, Flemish Region	18
2.2. Percentage of population aged 15 years and over that gambled on location at least once in the past 12 months, Flemish Region	19
2.3. Percentage of population aged 15 years and over that gambled online at least once in the past 12 months, Flemish Region	20
2.4. Percentage of the population aged 15 years and over that reported weekly gambling on at least 1 game, Flemish Region	21
2.5. Percentage of the population aged 15 years and over that played lottery games in the past 12 months, Flemish Region	22
2.6. Percentage of the population aged 15 years and over that played poker for money in the past 12 months, Flemish Region	23
2.7. Percentage of the population aged 15 years and over that participated to casino games in the past 12 months, Flemish Region	24
2.8. Percentage of the population aged 15 years and over that betted on sporting events in the past 12 months, Flemish Region	25
2.9. Percentage of the population aged 15 years and over that played other games for money in the past 12 months, Flemish Region.....	26
2.10. Percentage of the population aged 15 years and over that bid 40€ or more per month for gambling, Flemish Region	27
2.11. Mean expenditures in population aged 15 years and over that gambled at least once in the past 12 months, Flemish Region	28
2.12. Mean expenditures in population aged 15 years and over that bid 40€ or more per month for gambling, Flemish Region	29
2.13. Distribution of the population aged 15 years and over according to the experience of problem gambling based on the PGSI Short-Form, Flemish Region.....	30
2.14. Distribution of the population aged 15 years and over that bid 40€ or more per month for gambling according to the experience of problem gambling based on the PGSI Short-Form, Flemish Region.....	31

2.15. Percentage of the population aged 15 years and over that was exposed to gambling advertising in the past 6 months, Flemish Region.....	32
2.16. Percentage of the population aged 15 years and over that was exposed to gambling advertising at least once a week, Flemish Region.....	33
2.17. Percentage of the population (aged 15 years and over) that was exposed to gambling sponsorship according to level of exposure, Flemish Region.....	34
3. Brussels Region.....	35
3.1. Percentage of population aged 15 years and over that gambled at least once in the past 12 months, Brussels Region.....	35
3.2. Percentage of population aged 15 years and over that gambled on location at least once in the past 12 months, Brussels Region.....	36
3.3. Percentage of population aged 15 years and over that gambled online at least once in the past 12 months, Brussels Region.....	37
3.4. Percentage of the population aged 15 years and over that reported weekly gambling on at least 1 game, Brussels Region.....	38
3.5. Percentage of the population aged 15 years and over that played lottery games in the past 12 months, Brussels Region.....	39
3.6. Percentage of the population aged 15 years and over that played poker for money in the past 12 months, Brussels Region.....	40
3.7. Percentage of the population aged 15 years and over that participated to casino games in the past 12 months, Brussels Region.....	41
3.8. Percentage of the population aged 15 years and over that betted on sporting events in the past 12 months, Brussels Region.....	42
3.9. Percentage of the population aged 15 years and over that played other games for money in the past 12 months, Brussels Region.....	43
3.10. Percentage of the population aged 15 years and over that bid 40€ or more per month for gambling, Brussels Region.....	44
3.11. Mean expenditures in population aged 15 years and over that gambled at least once in the past 12 months, Brussels Region.....	45
3.12. Mean expenditures in population aged 15 years and over that bid 40€ or more per month for gambling, Brussels Region.....	46
3.13. Distribution of the population aged 15 years and over according to the experience of problem gambling based on the PGSI Short-Form, Brussels Region.....	47
3.14. Distribution of the population aged 15 years and over that bid 40€ or more per month for gambling according to the experience of problem gambling based on the PGSI Short-Form, Brussels Region.....	48
3.15. Percentage of the population aged 15 years and over that was exposed to gambling advertising in the past 6 months, Brussels Region.....	49
3.16. Percentage of the population aged 15 years and over that was exposed to gambling advertising at least once a week, Brussels Region.....	50
3.17. Percentage of the population (aged 15 years and over) that was exposed to gambling sponsorship according to level of exposure, Brussels Region.....	51
4. Walloon Region.....	52
4.1. Percentage of population aged 15 years and over that gambled at least once in the past 12 months, Walloon Region.....	52
4.2. Percentage of population aged 15 years and over that gambled on location at least once in the past 12 months, Walloon Region.....	53
4.3. Percentage of population aged 15 years and over that gambled online at least once in the past 12 months, Walloon Region.....	54
4.4. Percentage of the population aged 15 years and over that reported weekly gambling on at least 1 game, Walloon Region.....	55
4.5. Percentage of the population aged 15 years and over that played lottery games in the past 12 months, Walloon Region.....	56
4.6. Percentage of the population aged 15 years and over that played poker for money in the past 12 months, Walloon Region.....	57
4.7. Percentage of the population aged 15 years and over that participated to casino games in the past 12 months, Walloon Region.....	58
4.8. Percentage of the population aged 15 years and over that betted on sporting events in the past 12 months, Walloon Region.....	59
4.9. Percentage of the population aged 15 years and over that played other games for money in the past 12 months, Walloon Region.....	60
4.10. Percentage of the population aged 15 years and over that bid 40€ or more per month for gambling, Walloon Region.....	61

4.11. Mean expenditures in population aged 15 years and over that gambled at least once in the past 12 months, Walloon Region	62
4.12. Mean expenditures in population aged 15 years and over that bid 40€ or more per month for gambling, Walloon Region	63
4.13. Distribution of the population aged 15 years and over according to the experience of problem gambling based on the PGSI Short-Form, Walloon Region.....	64
4.14. Distribution of the population aged 15 years and over that bid 40€ or more per month for gambling according to the experience of problem gambling based on the PGSI Short-Form, Walloon Region	65
4.15. Percentage of the population aged 15 years and over that was exposed to gambling advertising in the past 6 months, Walloon Region	66
4.16. Percentage of the population aged 15 years and over that was exposed to gambling advertising at least once a week, Walloon Region	67
4.17. Percentage of the population (aged 15 years and over) that was exposed to gambling sponsorship according to level of exposure, Walloon Region.....	68
